To some people Christmas offers an excuse for indulgance in intoxicating beverages to excess. To others it is merely a day for reveling and for the eating of rich foods and for visiting with relatives and friends.

There is no profanity of the purpose of Christmas in the eating of special dinners, neither will visiting with loved ones prostitute the sacredness of the day. But when we make Christmas merely an opportunity for commercialization, and when we look upon it as a means for "exchanging" gifts, then we have failed utterly to comprehend the utimate spirit that should dominate our actions upon this anniver-

should be made with no thought of receivfor the sheer joy of giving, not that we, in turn, might receive a gift. We should ures with those whom we love.

Certainly there should be no reveling and no drunkenness on the birthday anniversary of our Lord. Rather, in keeping with the solemn sacredness of that day. we should engage in prayers of thanksgiving to a merciful God who "so loved the world that he gave His only begotten Son."

Too many people who call themselves Christian have permitted themselves to drift into practices at Christmastime that are entirely too paganistic. We have looked upon it as a time of great commercial activity and seldom do we pause to reflect upon the events that have brought to us this treasured holiday.

Would it not be fitting on this Christmas-when the whole world seems to stand trembling upon the abyss of total destruction-to rededicate our lives and our actions to a closer observance of the will of our God? Would it not be well to reconvice of our Heavenly Father that His Kingdom might be advanced upon earth?

One evidence that we, as individuals, company.—Mary Baker Eddy.

S'West Cotton Prices Up as Sales Continue

Southwest cotton picked up in price last week and sales continued to increase, Production and Marketing Administration's southwest area office, United States Department of Agriculture, reported.

Major price-strengthening factors were tightening in spot supplies as result of heavy movement of cotton into government loan and improved mill and export demand.

Dallas and Galveston paid 31.85 and Houston 31.95 cents for middling 15-16 inch. Ten markets average was 32.06 cents per pound, which brought the average price for middling 15-16 inch above the 32 cent level and about 1 1-4 cents above the 1948 average loan rate.

Sales in Houston, Galveston and Dallas jumped to 77,595 bales, about 13,693 bales more than reported the week before.

Export inquiries were more numerous but domestic mill inquiries were relatively quiet. Best shippers demand was for strick low middling through strict middling, ranging from 13-16 inch through 1 1-16 inch staple length. Demand is good er current strict low middling spotat lower prices.

Houston, Galveston and Dallas reported 63,902 bales sold, about half the number listed a week earlier. Spot market activity also declined and sales reached only 187,000 bales for the short week compared to 286,-800 bales the previous week. Cotton continued to enter government loan in heavy volume.

Dallas and Houston paid 31.445 cents for middling 15-16 inch and Galveston, 31.35 cents. Average of 31.65 cents in the 10 spot markets brought prices to the highest level since early August.

Inuiries from mills were less numerous, with cotton to be sold under the Economic Co-operation Administration occupying primary interest.

stage Rates to ke Sharp Rise After January 1

A meaterial increase in postage rates will go into effect at all United States post offices January 1, Perry Sparks, Hamlin postmaster, warned this week.

The increase will effect almost all types of mail and postal services,

Airmail letter rates will be increased from 5c for the first ounce to 6c, and rates for air mail post cards will be upped from 3c to 4.

Third class postage rates will be increased from the former 11/2c for the first two ounces to 2c and parcel post rates will be increased approximately 10 per cent.

Rates for special delivery letters will be increased from the former 13c to 15c and money order fees have been upped from 6c for the first \$5 to 10c with comparable increases for larger amounts.

Postal notes that formerly cost 5c will cost 8c under the new price schedule, while registered and insured mail will be given a boost of approximately 20 per cent.

The new rates will apply in all United States post offices and U.S. possessions, Sparks said.

Five Initiated Into National Honor Group

Five new members were initiated into the Hamlin chapter of the National Honor Society in rites held recently in the local high school.

Membership in the organization is based o character, scholarship, leadership, and members must be either juniors or seniors.

Those who took the pledge are Lewis LaBaume, Oletha Maynard, Bobbie Bruner, Donna Gayle Miller and Wayne Daniel.

School days are never over for us!

Long ago we learned that folks like to shop in stores that serve them well. So we're always studying ways to keep our service the very best. This means constant training for all of us.

New members of the Safeway family receive basic training before they start to work in our stores. Then the real course begins. It takes continual study and practice to maintain the up-to-date knowledge and skills needed to give you fine service. Regular training for all Safeway men and women meets this need.

But there's more to Safeway service than the fact that our people are well-trained. Most important is our sincere desire to make each shopping trip pleasant for you. You'll see this in the friendliness and courtesy of the men and women who serve you in our stores.

Hamlin's post " Veterans of Foreign Wars will join in a nationwide observance of the 50th anniversary of VFW by a intensive drive for new members, Clyde Huff, post commander, said this week.

The VFW was organized in Chicago in 1899, shortly after the Spanish-American war. It grew considerble larger following the first World War, but during the past four years it has grown by huge numbers, Huff said.

The local post, with a membership in excess of 300, is one of the larger VFW groups in this area. It was established in February of 1946 Huff said.

kinds, the manner in which Americans have come to observe Christmas has little likeness to the great underlying reason we have for keeping this anniversary of God's greatest gift to mankind.

Christmas ostensibly is kept because form. It is observed to keep alive within comfort and consolation to them? our hearts the spirit of giving and the ideal of unselfishness. But because we have per- spired by the true Christmas spirit when mitted materialistic practices to creep into our observance of this wonderful occasion it has lost much of its original meaning.

To some people Christmas offers an excuse for indulgance in intoxicating beverages to excess. To others it is merely a day for reveling and for the eating of rich foods and for visiting with relatives and

There is no profanity of the purpose of Christmas in the eating of special dinners, neither will visiting with loved ones prostitute the sacredness of the day. But when we make Christmas merely an opportunity for commercialization, and when we look upon it as a means for "exchanging" gifts, then we have failed utterly to comprehend the utimate spirit that should turns of our national election were tabulatdominate our actions upon this anniver- ed and announced.

We should give because God first gave rich gifts to us, and in our finite efforts to emulate His example we should seek to share our treasures with those whom we love.

Certainly there should be no reveling and no drunkenness on the birthday anniversary of our Lord. Rather, in keeping with the solemn sacredness of that day, we should engage in prayers of thanksgiving to a merciful God who "so loved the world that he gave His only begotten Son."

Too many people who call themselves Christian have permitted themselves to drift into practices at Christmastime that are entirely too paganistic. We have looked upon it as a time of great commercial the people, and the people are never activity and seldom do we pause to reflect wrong. upon the events that have brought to us this treasured holiday.

Would it not be fitting on this Christmas—when the whole world seems to stand trembling upon the abyss of total destruction-to rededicate our lives and our actions to a closer observance of the will of our God? Would it not be well to reconsecrate our lives and our talents to the ser- unknowingly goodess; but the evil man alvice of our Heavenly Father that His Kingdom might be advanced upon earth?

S'West Cotton Prices Up as Sales Continue

Southwest cotton picked up in price last week and sales continued to increase, Production and Marketing Administration's southwest area office, United States Department of Agriculture, reported.

Major price-strengthening factors were tightening in spot supplies as result of heavy movement of cotton into government loan and improved mill and export demand.

Dallas and Galveston paid 31.85 and Houston 31.95 cents for middling 15-16 inch. Ten markets average was 32.06 cents per pound, which brought the average price for middling 15-16 inch above the 32 cent level and about 1 1-4 cents above the 1948 average loan rate.

Sales in Houston, Galveston and Dallas jumped to 77,595 bales, about 13,693 bales more than reported the week before.

Export inquiries were more numerous but domestic mill inquiries were relatively quiet. Best shippers demand was for strick low middling through strict middling, ranging from 13-16 inch through 1 1-16 inch staple length. Demand is good or current strict low middling spoted and low middling white. Texas Kids See Christmas Angels

As a Christmas gift to the children of Texas, the classic Christmas story of "The Littlest Angel" has been brought to life in Dallas. One of the life-size cherub figures is shown, above, to four-year-old Patsy Parker, of Ennis, by Arthur L. Kramer, sponsor of the free display. The huge exhibit, requiring twenty figures of angels, cherubs and birds to reproduce the characters in the story, is on display at Main and Akard Streets in downtown Dallas through Christmas Day.

stage Rates to ke Sharp Rise After January 1

A meaterial increase in postage rates will go into effect at all United States post offices January 1, Perry Sparks, Hamlin postmaster, warned this week.

The increase will effect almost all types of mail and postal services,

Airmail letter rates will be increased from 5c for the first ounce to 6c, and rates for air mail post cards will be upped from 3c to 4.

Third class postage rates will be increased from the former 11/2c for the first two ounces to 2c and parcel post rates will be increased approximately 10 per cent.

Rates for special delivery letters will be increased from the former 13c to 15c and money order fees have been upped from 6c for the first \$5 to 10c with comparable increases for larger amounts.

Postal notes that formerly cost 5c will cost 8c under the new price schedule, while registered and insured mail will be given a boost of approximately 20 per cent.

The new rates will apply in all United States post offices and U. S. possessions, Sparks said.

School days are never over for us!

Long ago we learned that folks like to shop in stores that serve them well. So we're always studying ways to keep our service the very best. This means constant training for all of us.

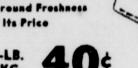

New members of the Safeway family receive basic training before they start to work in our stores. Then the real course begins. It takes continual study and practice to maintain the up-to-date knowledge and skills needed to give you fine service. Regular training for all Safeway men and women meets this need.

But there's more to Safeway service than the fact that our people are well-trained. Most important is our sincere desire to make each shopping trip pleasant for you. You'll see this in the friendliness and courtesy of the men and women who serve you in our stores.

Enjoy the finest in food service. Shop Safeway.

Perry H. Sparks, Hamlin postmaster, issued the same familiar plea that postoffice customers have heard annually for years, this week. "Please mail Christmas packages early," he said, and added, "also be sure that the address is right and that the return address is plainly affixed to the package."

Sparks also urged the using of first class postage on Christmas cards that are sent out of town. He said first class postage will insure delivery and forwarding service, or return to the sender if the addressee cannot be located.
